Profile

Full-stack software engineer with **4+ years of experience** building and maintaining **SaaS, web, and mobile applications** for international clients. Strong background in **backend systems, frontend performance optimisation**, and close collaboration with teams and clients across different time zones. Currently open to **full-stack software engineering roles**, including **remote, on-site, or working student** positions.

Technical Skills

Programming Languages: C/C++, JavaScript, TypeScript, Python

Frameworks & Tools: Node.js, Express.js, Django, React.js, Next.js, React Native (Expo)

Databases: MySQL, NoSQL, MongoDB, PostgreSQL, Prisma, Mongoose

DevOps & Others: AWS (EC2, S3, SES), DigitalOcean, Docker, GitHub/GitLab, CI/CD pipelines e.t.c

Experience

Senior Software Engineer

May 2022 – Dec 2025

Technext Limited

Dhaka, Bangladesh

- **Led** the development of **OneSuite.io**, a SaaS platform uniting CRM, project management, client portal, invoicing, and eSignature for SMEs. Achieved **Top 3 Product of the Day on Product Hunt** and serves **2,000+ businesses**.
- Delivered full-stack solutions, optimising backend and frontend operations with advanced caching and query optimisation, achieving approximately **70% higher workflow efficiency** and **95% faster load times** for **200K+ records** for a UK-based client.
- Reviewed **50+ pull requests/month**, ensuring clean architecture and maintainable code.
- Managed international clients and coordinated with cross-functional team members, distributing tasks, holding regular meetings, and ensuring on-time project delivery.

Software Engineer

Aug 2021 – Apr 2022

Shohozdeal Ltd

Sylhet, Bangladesh

- Developed a multi-vendor **e-commerce SaaS platform** (B2C & C2C), integrating secure payment processing, vendor onboarding, and responsive web/mobile interfaces.
- Optimised frontend performance using **React .lazy**, reducing bundle size and cutting initial load times significantly.
- Collaborated on backend APIs with Node.js and Express.js, ensuring efficient data handling with MongoDB.

Projects

MU Online Judge | Python, Django, PostgreSQL, Redis, Celery, WebSocket, HTML, CSS, Bootstrap, JavaScript, JQuery

- An online competitive programming platform where users can solve coding challenges, participate in live contests, and earn ratings based on their performance.

JugaJug | Python, Django, PostgreSQL, HTML, CSS, Bootstrap, JavaScript

- A social platform where users can connect through helpful posts and chat, while also learning C programming through an interactive learning section that requires solving problems to complete lessons and earn scores.

Education

Brandenburgische Technische Universität Cottbus-Senftenberg

Oct 2025 - Running

Master of Science in Artificial Intelligence

Cottbus, Germany

- Relevant Coursework: Machine Learning and Deep Learning, Natural Language Processing, Computer Vision, Advanced Algorithms and Optimization, Data Mining and Big Data Analytics, and Neural Networks e.t.c

Metropolitan University

Jan 2017 - Jun 2021

B.Sc. (Engg.) in Computer Science and Engineering

Sylhet, Bangladesh

- GPA: 3.89 / 4.0 (equivalent to **1.1 "Sehr Gut"** in German grading system)

Honors & Achievements

Technext Limited

- Recognized as '**Outstanding Team Player 2024**' for exceptional collaboration and contributions to team success.

MANGTAS

- Awarded a **Full Stack Engineer Certificate** in November 2022. REF - 1194501

Competitive Programming

- Solved 2000+ problems across various online judges (CodeForces, UVa, CodeChef, Lightoj, Toph, Atcoder, LeetCode).
- Participated in **10+ national** level programming onsite contests and **300+ online** contests.

Inter University Programming Contest (IUPC)

- **16th** among 42 teams (NEUB IUPC 2017)
- **17th** among 70 teams (LU IUPC 2019)
- **29th** among 161 teams (SUST IUPC 2019)

International Collegiate Programming Contest (ICPC)

- Qualified & participated - ICPC Dhaka Regional 2019 & 2020

Online Judges

- Codeforces [Farhan_meb]: Solved **900+ problems**, participated in **230+ contests**, max rating: **1647 (Expert)**.
- Codechef [Farhan_meb]: Participated in **30+ contests**, max rating: **1733**.
- LightOJ: Solved **150+ problems**.
- Toph [Farhan_meb]: Solved **100+ problems**, participated in **40+ contests**.

Activities

Judge & Problem Setter

- Multiple intra University Programming Contests (2019–2023)

Programming Mentor Trainer

- Grace Hopper Girl's Programming Camp 2019.
- Trained more than 300 juniors on various programming topics.
